

H.R. 1625, the Equity and Access for Podiatric Physicians Under Medicaid Act, would classify podiatrists as physicians for purposes of direct reimbursement through the Medicaid program. Podiatry is critical to the treatment and understanding of diabetes.

The Medicare Diabetes Self-Management Training Act, H.R. 2425, would make a technical clarification to recognize certified diabetes educators (CDE) as providers for Medicare diabetes outpatient self-management training services (DSMT). CDEs are the only health professionals who are specially trained and uniquely qualified to teach patients with diabetes how to improve their health and avoid serious diabetes-related complications. The 1997 authorizing DSMT statute did not include CDEs as Medicare providers. This exclusion has made it increasingly difficult to ensure that DSMT is available to patients who need these services, particularly those with unique cultural needs or who reside in rural areas.

Another bill that is a priority of the caucus is the Preventing Diabetes in Medicare Act, H.R. 2590. This bill would extend Medicare coverage to medical nutrition therapy (MNT) services for people with pre-diabetes and other risk factors for developing type 2 diabetes. Under current law, Medicare pays for MNT provided by a Registered Dietitian for beneficiaries with diabetes and renal diseases. Unfortunately, Medicare does not cover MNT for beneficiaries diagnosed with pre-diabetes. Nutrition therapy services have proven very effective in preventing diabetes by providing access to the best possible nutritional advice about how to handle their condition. By helping people with pre-diabetes manage their condition, Medicare will avoid having to pay for the much more expensive treatment of diabetes.

In addition, we are working hard to pass, H.R. 3668, and reauthorize the Special Diabetes Programs for Type 1 Diabetes and Indians. This program provides federal funding for the Special Statutory Funding Program for Type 1 Diabetes Research at the National Institutes of Health and the Special Diabetes Program for Indians at the Indian Health Service. H.R. 3668 would extend these critical programs through 2016 and increase funding for both programs to \$200 million a year.

I want to thank my colleague, Congressman MIKE CASTLE, for his many years of leadership working together with me as Co Chair of the Diabetes Caucus. I also want to thank the many Members who are supporting this effort and both sides of the House leadership for their bipartisan support of diabetes issues. I look forward to working with the Congressional Diabetes Caucus to pass the important legislation we are promoting and continuing to further the goals of National Diabetes Month.

RECOGNITION OF THE PILOT CLUB OF COLUMBUS ON ITS 70TH YEAR OF SERVICE

HON. MARY JO KILROY

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 2, 2009

Ms. KILROY. Madam Speaker, I rise today to honor the Pilot Club of Columbus for seventy years of service to the Columbus community. The Pilot Club is a volunteer service or-

ganization that focuses on helping those with brain-related disorders, such as Alzheimer's disease, autism, chemical dependency, traumatic brain injuries, and other disabilities.

Pilot International was founded in Macon, Georgia in October 1921 to provide volunteer services and to raise funds for those with brain-related disorders. In 1939, Pilot International chartered the Pilot Club of Columbus. Over the last seven decades, this organization has promoted awareness and prevention of brain-related disorders in Central Ohio and has provided support for countless individuals and families who are living with developmental, emotional, and mental disabilities.

The Pilot Club of Columbus creates a valuable network of service-minded individuals who have contributed to our community in numerous ways. In recent years, Columbus Pilots have provided furniture for a new senior citizen center and organized celebrations for patients at the former Ohio Psychiatric Hospital who have suffered from brain-related disorders such as Alzheimer and autism. The Pilot Club also has raised money to help individuals with autism and other neurological disorders and supports the BrainMinders project, which spreads information about preventing traumatic brain injury.

The Pilot Club has spent seven decades serving those who are struggling with the painful and complicated challenges associated with brain-related disorders. The Columbus Pilots have demonstrated their generosity, compassion, and commitment to making a difference in the city of Columbus. I am proud to recognize and honor the Pilot Club of Columbus and all of its dedicated volunteers for 70 years of valuable service.

EXPRESSING SUPPORT FOR GREATER AWARENESS OF OVARIAN CANCER

SPEECH OF

HON. SHEILA JACKSON-LEE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 1, 2009

Ms. JACKSON-LEE of Texas. Mr. Speaker, I rise before you today in support of H. Res. 727, "supporting the goals and ideals of National Ovarian Cancer Awareness Month." I would like to thank my colleague Congressman STEVE ISRAEL for his leadership on this very important issue, as ovarian cancer is the 5th leading cause of cancer deaths among women in the United States.

Ovarian cancer is the deadliest of all gynecological cancers. All women are at risk for ovarian cancer, but older women are more likely to get the disease than younger women. About 90 percent of women who get ovarian cancer are older than 40 years of age, with the greatest number being aged 55 years or older. Additionally, 90 percent of women diagnosed with ovarian cancer do not have a family history that puts them at higher risk. Early detection is vital, only 20 percent of ovarian cancers are found before tumor growth has spread beyond the ovaries. The chance of surviving ovarian cancer is better if the cancer is found early. Unfortunately, there is currently no reliable early detection test for ovarian cancer.

Among women in the United States, ovarian cancer is the eighth most common cancer and

the fifth leading cause of cancer death, after lung and bronchus, breast, colorectal, and pancreatic cancers. Ovarian cancer causes more deaths than any other cancer of the female reproductive system. In 2005, 19,842 women in the U.S. learned they had ovarian cancer, and 14,787 women died from the disease.

Ovarian cancer is known as a "silent killer" because it usually isn't found until it has spread to other areas of the body. Unfortunately, there is no simple and reliable way to test for ovarian cancer in women and the Pap test does not check for ovarian cancer. However, new evidence shows that most women may have symptoms even in the early stages, such as: bloating, pelvic or abdominal pain, difficulty eating or feeling full quickly, and urinary symptoms, among several other symptoms that are easily confused with other diseases. This new evidence has led to the first national consensus statement on ovarian cancer symptoms to provide consistency in describing symptoms to make it easier for women to learn and remember them. Awareness of symptoms may hopefully lead to earlier detection.

The mortality rate for ovarian cancer has not significantly decreased in the almost 40 years since the "War on Cancer" was declared. If ovarian cancer is diagnosed and treated at an early stage before the cancer spreads outside of the ovary, the survival rate is as high as 90 percent. However, due to the lack of a reliable screening test, 75 percent of ovarian cancer cases are diagnosed in an advanced stage when the five-year survival rate is below 45 percent.

I urge my colleagues to support the goals and ideals of National Ovarian Cancer Awareness Month. Education and awareness of ovarian cancer will save the lives of countless women.

HONORING EARL HALL

HON. GEORGE RADANOVICH

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 2, 2009

Mr. RADANOVICH. Madam Speaker, I rise today to commend and congratulate Earl Hall upon being awarded with the "Community Health Champions Award" at the 2009 West Fresno Health Care Coalition's 5th annual "This is Your Life of Service" lunch and awards ceremony. This year the ceremony will be held at the Radisson Hotel Conference Center in Fresno, California on Tuesday, November 3rd.

Mr. Earl Hall was born in Oklahoma. When he was just six months old, the 1940's "Dust Bowl" hit his family's farm and they were forced to leave the area. Upon migrating to California, his family settled in Wasco, California. Mr. Hall's father was finally able to find employment as a farm manager for a family farm. Mr. Hall graduated from Wasco High School then attended Bakersfield Junior College and Fresno City College, where he earned his Associates degree. He transferred to California State University, Fresno and graduated with a Bachelor's degree in Agricultural Business in 1964.

Mr. Hall has dedicated his career to establishing and developing his business, Hall Ag

Enterprises. For the past forty-four years he has provided labor services with a safe and secure environment for his employees. During periods of water shortages, he has searched for other opportunities to place his workers to ensure that they are able to work and are able to provide for their families. Mr. Hall holds licenses that allow him to provide farm labor in twenty-nine countries. His business provides services to more than three hundred thousand acres and employs nearly thirty thousand people through out the state of California.

Beyond his generosity to his employees, Mr. Hall is dedicated to his community as well. He has provided financial assistance to various causes including health care, charitable organizations and child services. Mr. Hall is part of the Farm Labor Contractors Alliance, the California Association of Agricultural Labor and an active member of Ag SAFE. He is currently serving as the Chairman for the Fresno County Farm Bureau Labor Committee and the Rural Health and Safety Committee. In 2003, Mr. Hall was awarded the "Central California Excellence in Business Award" by The Fresno Bee.

As a young man, Mr. Hall was turned pro in the rodeo circuit; he is a lifetime member of the Professional Rodeo Cowboy's Association and is a "gold card" holder which allows him to compete in the over-fifty age group. He is involved in rodeo events by assisting and providing advice and sponsorship to youth preparing for rodeo events.

Madam Speaker, I rise today to commend and congratulate Earl Hall upon being awarded with the "Community Health Champions Award." I invite my colleagues to join me in wishing Mr. Hall many years of continued success.

IN RECOGNITION OF STRAFFORD
HIGH SCHOOL FLAMING ARROW
INDIAN PRIDE MARCHING BAND

HON. ROY BLUNT

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 2, 2009

Mr. BLUNT. Madam Speaker, I rise today with pleasure and pride to pay tribute to the achievements of the Music Department at Strafford High School in Strafford, Missouri. The Strafford High Flaming Arrow Indian Pride Marching Band and choir will participate in the events surrounding the December 31, 2009, Chick-fil-A Bowl in Atlanta, Georgia. A long-standing event at the bowl game is the National Chick-fil-A Bowl Band Festival.

The music festival has clinics and competition for choir, concert band, jazz band and marching band. The Strafford marching band and choir will compete against other schools while the Marching Band will march in the National Chick-fil-A Bowl Parade in downtown Atlanta on New Year's Eve. Game day, the Strafford band will participate in a pre-game and halftime massed band "extravaganza" of 2,000 members performing in the Georgia Dome Olympic Stadium.

Strafford, Missouri, is my hometown. Today, Strafford has a population of 1,845 citizens, and the high school has approximately 400 students. The band and choir are made up of 55 motivated, hardworking teens in concert and marching band, 20 students in jazz band

and 36 students in choir. The music department is under the direction of Shane Harmon.

The Strafford High Flaming Arrow Indian Pride Marching Band consistently ranks among the best bands in Missouri, earning first place at six judged events this year. At the 2007 Outback Bowl in Tampa, Florida, the Strafford concert band, jazz band and marching band each earned a 1st place Silver rating, and the concert choir earned a 1st place Gold rating. These achievements led to the invitation to participate at the band festival at the Chick-fil-A Bowl. This recognition is the result of long hours of practice, and dedication to excellence by Strafford students, faculty and their families.

SENATE COMMITTEE MEETINGS

Title IV of Senate Resolution 4, agreed to by the Senate on February 4, 1977, calls for establishment of a system for a computerized schedule of all meetings and hearings of Senate committees, subcommittees, joint committees, and committees of conference. This title requires all such committees to notify the Office of the Senate Daily Digest—designated by the Rules Committee—of the time, place, and purpose of the meetings, when scheduled, and any cancellations or changes in the meetings as they occur.

As an additional procedure along with the computerization of this information, the Office of the Senate Daily Digest will prepare this information for printing in the Extensions of Remarks section of the CONGRESSIONAL RECORD on Monday and Wednesday of each week.

Meetings scheduled for Thursday, December 3, 2009 may be found in the Daily Digest of today's RECORD.

MEETINGS SCHEDULED

DECEMBER 4

9:30 a.m.

Joint Economic Committee

To hold hearings to examine the employment situation for November 2009.

SH-216

DECEMBER 8

10 a.m.

Environment and Public Works

To hold an oversight hearing to examine Federal drinking water programs.

SD-406

1:30 p.m.

Armed Services

To hold hearings to examine Afghanistan.

SH-216

2:15 p.m.

Foreign Relations

Business meeting to consider S. 1559, to consolidate democracy and security in the Western Balkans by supporting the Governments and people of Bosnia and Herzegovina and Montenegro in reaching their goal of eventual NATO membership, and to welcome further NATO partnership with the Republic of Serbia, and the nominations of Rajiv J. Shah, of Washington, to be Administrator of the United States Agency for International Development, and Mary Burce Warlick, of Virginia, to be Ambassador to the Republic of Serbia, James B. Warlick, Jr., of Virginia, to

be Ambassador to the Republic of Bulgaria, Eleni Tsakopoulos Kounalakis, of California, to be Ambassador to the Republic of Hungary, Leslie V. Rowe, of Washington, to be Ambassador to the Republic of Mozambique, Alberto M. Fernandez, of Virginia, to be Ambassador to the Republic of Equatorial Guinea, Mary Jo Wills, of the District of Columbia, to be Ambassador to the Republic of Mauritius, and to serve concurrently and without additional compensation as Ambassador to the Republic of Seychelles, Jide J. Zeitlin, of New York, to be Alternate Representative of the United States of America to the Sessions of the General Assembly of the United Nations during his tenure of service as Representative of the United States of America to the United Nations for U.N. Management and Reform, and to be Representative of the United States of America to the United Nations for U.N. Management and Reform, with the rank of Ambassador, and Bill Delahunt, of Massachusetts, Elaine Schuster, of Florida, and Christopher H. Smith, of New Jersey, all to be a Representative, and Laura Gore Ross, of New York, and Wellington E. Webb, of Colorado, both to be an Alternate Representative, all of the United States of America to the Sixty-fourth Session of the General Assembly of the United Nations, all of the Department of State.

S-116, Capitol

2:30 p.m.

Energy and Natural Resources

Energy Subcommittee

To hold hearings to examine H.R. 957, to authorize higher education curriculum development and graduate training in advanced energy and green building technologies, H.R. 2729, to authorize the designation of National Environmental Research Parks by the Secretary of Energy, H.R. 3165, to provide for a program of wind energy research, development, and demonstration, H.R. 3246, to provide for a program of research, development, demonstration and commercial application in vehicle technologies at the Department of Energy, H.R. 3585, to guide and provide for United States research, development, and demonstration of solar energy technologies, S. 737, to amend the Energy Independence and Security Act of 2007 to authorize the Secretary of Energy to conduct research, development, and demonstration to make biofuels more compatible with small nonroad engines, S. 1617, to require the Secretary of Commerce to establish a program for the award of grants to States to establish revolving loan funds for small and medium-sized manufacturers to improve energy efficiency and produce clean energy technology, S. 2744, to amend the Energy Policy Act of 2005 to expand the authority for awarding technology prizes by the Secretary of Energy to include a financial award for separation of carbon dioxide from dilute sources, and S. 2773, to require the Secretary of Energy to carry out a program to support the research, demonstration, and development of commercial applications for offshore wind energy.

SD-366

Intelligence

To hold closed hearings to consider certain intelligence matters.

S-407, Capitol
